BAPTIST ORGANIZATIONS

Three From Kentucky To Meet At Jellico, Tenn., Nov. 15.

On November 15 and 16, at Jellico, Tenn., will be held the Kentucky ministers' meeting of the General Association of Kentucky Baptists. Baptist ministers from all parts of the State will be in attendance, and the following program has been prepared:

Monday evening at 7:30 the devotional exercises, conducted by the Rev. J. E. Baird; 7:45, organization and appointment of committees; 8, a paper by Rev. C. W. Elsey on "Fellowship With Christ's Sufferings," and a sermon by Rev. W. W. Horner, of Louisville.

The second session will be held Tuesday afternoon with the following program: At 2 o'clock, devotional exercises led by Rev. W. L. Shearer; 3:15, an address by Rev. T. C. Ecton, "Preparing for a Revival;" 2:45, an address by Rev. S. P. Martin, "Conducting a Revival;" 3:15, an address by Rev. W. L. Brock, "Following a Revival;" 3:45, business and adjournment.

Beginning on Tuesday and lasting through Thursday morning the seventy-eighth annual session of the General Association of Kentucky Baptists will also be held at Jellico.

At the same time the annual meeting of the Women's Baptist Missionary Union of Kentucky will be held.

HOLD GOOD PRACTICE.

The students of the day and night High Schools held a joint basketball practice at the Maysville High School gymnasium Tuesday evening. Coach C. S. Dale was more than pleased with the playing of both teams and promises to give the basketball fans of this city some of the best basketball this season ever seen in this vicinity.

E. L. Dix will deliver a stereopticon lecture on "The Consolidation of Rural Schools," at the Washington Presbyterian church on Wednesday evening at 7 o'clock. All who are interested please be present.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. An other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

Maysville, Oct. 28, 1915.

I had 22 teeth extracted by Dr. Crowell and it didn't hurt a bit. I wanted to take gas but Dr. Crowell talked me out of it and after having one pulled I did not let him stop until he pulled 22 teeth and it did not hurt me a bit.

I recommend you to all my friends that dreaded having teeth extracted or having any kind of dental work done.

Basket Ball Notes

M. H. S. ANNOUNCES OFFICIAL BASKETBALL SCHEDULE.

Coach Dale, Student Manager J. Ed. Parker, Jr., and Faculty Manager Prof. G. C. Mance have given to the public the official schedule of the Maysville High School boys' basketball team for the season of 1915-16. The schedule is as follows:

November 12—Mayslick High School at Maysville.

November 19—Maysville Night High School at Maysville.

November 26—Mayslick High School at Mayslick.

December 5—Open.

December 12—Carlisle High School at Carlisle.

December 19—Fort Thomas High School at Fort Thomas.

December 24—Carlisle High School at Maysville.

December 28—Alumni at Maysville.

January 7—Catlettsburg High School at Catlettsburg.

January 14—Fort Thomas High School at Fort Thomas.

January 15—Open.

January 21—Open.

January 28—Open.

February 5—Ashland High School at Maysville.

February 12—Ashland High School at Ashland.

February 13—Catlettsburg High School at Catlettsburg.

The open dates have been asked for, but as yet the schools asking for games have not signed contracts and the games are not assured. The lovers of the game should be delighted with the schedule arranged by the management of the High School, as it assures them some of the classiest basketball games seen in this city in years.

TEST CAR PASSES THROUGH MAYSVILLE

A Studebaker test car passed through this city on its way to Louisville Tuesday afternoon. The car was one of a hundred Studebaker automobiles that are competing in an endurance test all over the country. The machine left Louisville Tuesday morning early and made the trip to this city in record time, using only the "high" gear. The following gentlemen were in the party that passed through this city: W. N. Redneau, of the Louisville Herald; H. C. Trouman, official timekeeper; Edward Carson, of the Bywater-Orrtens Motor Company, under whose auspices the Kentucky test is being made; George Kindrich, Jr., driver, and A. Trouman. After stopping off at the Central Hotel, the party went on their way toward Louisville, expecting to get into the Falls City by nightfall.

THE MAGICIANS THURSDAY NIGHT.

The Tottem will be on your High School Lyceum Course Thursday night at the auditorium, and will give an entertainment of wonderful dexterity, magical handicraft and humorous impersonations. Mr. Tottem has appeared all over the country in these roles with eminent success as is evidenced by the complimentary recommendations of the press throughout the Middle West.

If you have not gotten your reserved seats, do so, as you will want to get close enough to see through the "tricks of the trade."

Everybody else is coming, why not YOU?

THANKSGIVING TURKEYS WANT ED.

Until further notice we will pay 15 cents per pound for all fat turkeys delivered here. Bring them in now, as we are ready to receive them in any quantity.

HON. R. B. LOVEL

Suddenly Summoned Tuesday Night—Death Comes As He Was Preparing To Retire.

Chairman Galvin and Headquarters Wait For Results of Lawsuits and Official State Canvass—G. O. P. Will Not Stand For Dishonesty

Louisville, Ky., November 9.—There is no change in the Governorship race so far as the Republican headquarters is concerned.

Chairman Galvin and his associates are simply waiting for the termination of the law suits brought in different counties and the final counting of the returns by the State Board of Election Commissioners.

Chairman Galvin has not conceded the election of Stanley and will not do so until every means of procuring a fair count of all the disputed ballots has been exhausted.

There are suits pending in McCracken, Daviess and Johnson counties, all instituted by the Republicans for the purpose of having a lot of Morrow votes counted as they were cast.

In McCreary county, there are charges of irregularities on the part of the Republican election officers, but the Republican State committee will very quickly discredit anything which is not legal in McCreary county or any other county. The Republican State committee wants nothing for Morrow which does not belong to him, but it insists that nothing will be left undone to count every ballot to which he is apparently entitled. It is not anticipated, however, that there will be a contest before the Legislature.

There has been a great deal of unfavorable comment caused by the action of the Democrats at Paducah yesterday in refusing to permit one of the three Democrats named to serve as judge in the suit brought by the Republicans to compel the counting of some 125 disputed ballots believed to be for Morrow.

The official returns have not yet been received from Daviess, McCracken and Laurel counties.

MARKING TIME IN THE PADUCAH CASE.

Paducah, Ky., November 9.—Attorneys for both Democrats and Republicans involved in the contest in McCracken county, are making time while they are waiting to hear from Governor McCreary, who was appealed to, after the Democrats had rejected three attorneys and Judge Reed had refused to preside.

The funeral arrangements will be announced later.

INSANE WOMAN TAKEN TO ASYLUM.

On Tuesday, Guard W. J. Campbell, of the Kentucky State Insane Asylum at Lexington, arrived in Maysville and took Lillian Breckenridge, colored, back to that institution for safe keeping.

The Breckenridge woman was paroled from the asylum a few months ago and returned to her home in this city. For a time she was rational, but of late she has been acting queerly, and at the request of her father, was again taken into custody.

STANLEY CLAIMS 346.

Louisville, Ky., November 9.—Completion of the count in Louisville and Jefferson county, giving Stanley a majority here of 4,063, makes all counties officially heard from except McCracken and Daviess, where contests are still in progress, and Laurel, where the official count has not been returned, and gives Stanley a majority of 346.

Hart county's vote was certified this morning when the missing precinct was counted and Morrow's majority in that county reduced from 222 to 203, a clerical error being found.

Should the Republicans win all contests instituted, Stanley would still have a majority of 195, unless some radical changes are made in the vote in Laurel, where the highest Republican claims of a majority have not been in excess of 86, more than the minimum Democratic claims.

Hart county's vote was certified this morning when the missing precinct was counted and Morrow's majority in that county reduced from 222 to 203, a clerical error being found.

Chief James Mackay, the present incumbent, is a candidate for re-election and stands a pretty good show to pluck the plum. He has been a faithful officer, having served as Chief of Police for the last two years. His record is above reproach, and stands out clear. He has enforced the laws and ordinances in a fearless and impartial manner and has made good, as evidenced by his work.

Policeman Dudley Fizer is also mentioned as a candidate for the office. "Dud" has made an excellent policeman and would make a splendid chief, no doubt.

Mr. Mike Donovan is also mentioned for the position of chief. He has previously served in this capacity, and the people all know his ability.

Next comes Harry A. Ort, former Chief of Police. Harry filled the office for two terms, and is known to almost every chick and child in Maysville. His splendid record is known to all.

The race is on, and the Council will have a hard time in electing a chief from such a "bunch" of good material.

Any of these gentlemen will make good officers.

BARACA CLASS

First Baptist Church Holds "Smoker" and Talk Over Plans For the Future.

A gloom was cast over the entire city Tuesday night when the Death Angel entered the home of Hon. R. B. Lovel about the hour of 10 and smote the head of the house.

Mr. Lovel had been in his usual health and had just returned home from a moving picture show, and was making his preparations for retiring for the night.

He had stepped into the bathroom to wash his hands and not returning as quickly as his wife thought he should, she stepped to the door and found him cold in the embrace of Death.

Had Mr. Lovel lived until December 31 he would have been 79 years old. Born in Lewis county in 1836, he was twice honored by his native county. He served it as sheriff and senator.

His children were also born in Lewis county. He came to Maysville thirty-six years ago and entered in business at his present location. He also engaged in steamboating in the early 'seventies.

R. B. Lovel's name always stood for integrity and fairness in his dealings with his fellowmen and associations in business. No worthy business enterprise ever received discouragement from him.

In his religious life he was an exemplary man, a consistent member of the Central Presbyterian church. No worthy object of charity ever received the cold hand from Mr. Lovel. His time and money were always ready to alleviate sorrow and suffering.

His wife and son, Lee, who it might be said has always been associated with him in business, and the following grandchildren, survive him: Mrs. Irma C. Rennecamp, of Cincinnati, O.; Robert L. Simms, of Chicago, and Robert B. Lovel, Jr., Martha Stanley, John Charles, Nancy Lee Lovel and Lovel Samuels, all of this city.

The funeral arrangements will be announced later.

BRAINS AND HANDS.

Everybody has brains and most everybody has hands, and the two combined should chase the wolf from any door.

A few people begin life by working with their hands and as opportunity presents they throw their brains into the fray and make a success in their chosen vocation.

Later we speak of them as self made men.

Others start life with their hands, never use anything but their hands, and die as they began.

And we speak of them as failures.

Now why can't everybody in this town use their brains as their hands?

... give today to concentrate your thoughts upon performing your labors just a little better than you did yesterday, and each day strive to move upward on the ladder of efficiency.

When you do this you will find your boss behind and pushing you about as energetically as you are climbing. Through your efforts and his you will soon reach the top, and when the proper opportunity arrives you will become somebody else's boss.

You will then be fairly launched upon your career, and a careful exercise of the brain and a liberal use of your hands will lead you on to success in life.

Brains without hands seldom accomplish much, and hands without brains will most assuredly never startle the world.

Brains and hands should work together and in complete harmony.

Together they will surmount the obstacles in life's pathway, but singly they will skate through existence on the fringe of adversity.

Many young boys are growing up in this town whose future is yet to be carved out. If taught the proper use of their brain power while young they will become self made men of the future. If allowed to drift along until they arrive at man's estate they will find greater use for the hand than for the brain. They may not become failures, but at best they will simply be cogs in the machinery of better men.

Start your boy right and he will travel the rest of the way on his own mettle.

GET A FLAG.

In this day of agitation on the subject of national preparedness one of the simplest and most practical steps to take would be for each family to keep an American flag where the children can see it from day to day.

Then teach the children that the flag of their country means more to them than life itself, that it must be handled with care, and looked up to and revered as the symbol of liberty and the champion of right, justice and humanity.

It is difficult to instill ideas of patriotism into the heads of present day adults who have been reared in an atmosphere of growing indifference, but ours will be a better nation fifty years hence if we do today but perform even a fraction of our duty to our offspring and to our country.

If newspaper reports are to be credited, looting the bodies of dead and wounded soldiers seems to be a favorite pastime of all armies in Europe. Truly this war is developing the brute side of humanity.

Champ Clark recently joined a posse to prevent the lynching of a man charged with murder. But when the Underwood tariff mob applied lynch-law to American industries, Champ held the rope.

A squib writer informs us that "a square deal is broad as it is long." Which may possibly be true, but nevertheless some alleged "square deals" mighty darned thin.

Again another suit against the Shoe Machinery Co. is the administration's method of showing in its protests of friendliness to business.

WHEELS AND COMMUNITIES.

When a spoke in a wheel is broken that wheel is weakened and only of partial or slight value to the rest of the vehicle. The vehicle itself is of no greater value than its weakest spot, the broken wheel. Its usefulness will not be restored until the wheel is repaired and placed on a par with the other wheels. Then it is again ready to assume its proper functions in the scheme of life.

And as it is with the wheel and the wagon, so it is with the citizen and the community. The latter is only as strong as the loyalty of the former. The community will advance only in accordance with the loyalty and progressiveness of its people.

The man who forgets his home merchants and sends his money to outside sources is the broken wheel of his own community. He is the weak spot that retards the growth of all that produces commercial stagnation, that creates local hard times and reduces the community that shelters him and the people who feed him to the level of a hand to mouth existence.

We don't want any broken wheels in this community; we don't want any useless vehicles, or commercial disintegration, or hand to mouth existence; we don't want any poverty or distress.

But we do want prosperity and progressiveness, and happiness and contentment, and full larders and dinner pails, and we can have them if each one of us will do our duty to the town in which we live and trade with home people and keep our own money in our own community.

We want to "keep prosperity in this town," and we can only do by "trading where we live."

Personally, we intend to practice what we preach in this respect, for the good of the community, for your good, and for our own good, and we would dearly love to see you trailing right along by our side and we are quite expecting to see you doing it because we don't think we are one whit more loyal to this town than you are.

Come along, brother. When we all pull in the same harness we make a mighty strong team.

The Secretary of the Navy tempered justice with mercy in the case of some of the Annapolis midshipmen who were implicated in the recent racing at the Naval Academy. Among the spared moments of Josephus' grace may be found the son of the Governor of North Carolina and the son of Admiral Burson, who succeeded Admiral Fiske as aid for operations when the latter's habit of letting the truth about the navy become known proved too irritating to Josephus.

Mr. McAdoo is not the only man who wants to hitch an appropriation to the defense scheme and his plan for government owned ships is to be yoked up with \$50,000,000 for rivers and harbors, according to the latest reports.

King George was ingloriously tossed off his horse while reviewing his troops, and immediately the world was informed that the kaiser was in excellent spirits.

The Houston Post says that its notion of nothing to get excited about is a George W. Perkins open letter on political questions.

General Villa declares he can lick the whole United States. Of course—but why don't he?

The war still sticks and ditto Charlie Chaplin.

Fun--Well Done

The Bad Egg.

A magazine editor was talking about the late Charles Battell Loomis.

"His departure leaves this world less gay," said the editor. "He was a humorist. He looked at every subject from the humorous point of view."

"I remember once, on the failure of a financier of somewhat doubtful repute, I said to Loomis:

"He was a bad egg, but nobody seemed to think so as long as he had money."

"Naturally," replied Loomis; "for, like most bad eggs, he was all right until he was broke."

Profitable Poetry.

Bobbs—There goes a fellow who got \$1,000 for a spring poem.

Dobbs—Lucky fellow!

Bobbs—Yes; it was a poem to advertise a car spring.

Which may possibly be true, but nevertheless some alleged "square deals" mighty darned thin.

LET HIM COUGH UP

Everybody wants to see better country roads around here, and those who live off of the community should do their share toward its upkeep, either through local taxation or by voluntary contribution.

Our local business men have dug down into their pockets every year for taxes, and then they have dug down again and again for all sorts of laudable objects in the way of contributions to this, that and whatnot, and they will probably continue to dig as long as they remain in business.

Like the good old Jersey cow, they have been "milked" so long and often and for such varied purposes that "digging" has become almost second nature to them.

But there is one man who is ROLLING IN WEALTH that has been gathered in from the rural districts, and that man has yet to make his first dig. At any rate no one appears to have ever heard of him contributing a single penny for the alleviation of local conditions.

He is the MAIL ORDER MAN, and is high time for him to dig.

Many of you have been sending him your money for these many years, depicting the financial condition of your home community in order that he and his many ride in expensive automobiles and wear rich furs, lace and diamonds.

He counts his wealth by the millions, all contributed by his "dear friends" from the country districts. A few hundreds to him would be but a drop in the bucket, yet it would mean much to you if expended in improving the roads that you must travel in earning your daily bread.

Now suppose each one of you good

MAIL TAKES THREE YEARS

Registered Letter Ends Its Long Journey Around the Country With Twenty-Three Postmarks.

Los Angeles, Cal.—A registered letter mailed three years ago from Vancouver by J. A. Fitzsimmons to D. C. Kling, Oaxaca, Oaxaca, Mex., was received.

Twenty-three postmarks on the letter showed the trail of its travels.

From Vancouver to Mexico and back again.

The sender, Mr. Fitzsimmons, happened to be in Los Angeles and was notified by Kling that the letter mailed in Vancouver three years ago had "arrived safely."

COURT MAKES QUEER ORDER

Robber Gains Two Years' Parole on Condition He Repays Cost of His Trial.

Houghton, Mich.—John Spelich has been released from the county jail for two years' probation on one of the queerest orders known here. Spelich was given his freedom by Judge O'Brien on condition that he repays within two years the costs of his capture and trial.

Spelich stole \$1,000 from a teapot belonging to Mrs. John Messner, a widow. The money was the life insurance of her husband. All of the cash was recovered and the woman did not want to prosecute.

He will return to the widow and work for her.

AT 79 BEATS FEAR OF TRAIN

Town's Oldest Pioneer Lives Near Railroad Forty Years Without Taking Ride.

Knoxville, Ia.—Joseph Fee, seventy years old, the oldest pioneer of Knoxville, where he has lived since 1849, has just taken his first ride on a railroad train, going to Tracy, a 14-mile trip.

Mr. Fee has lived within a mile of the railroad for 40 years, a branch line passing through his land. But he has always had a peculiar dread of "the cars."

A few years ago his friends threatened to rope the old man and take him to the state fair. They abandoned the plan when he vehemently declared he would kill every man in the crowd if such a thing was ever attempted.

SCARED OF MOTHER-IN-LAW

Tales Decide Assistant District Attorney at Denver to Be Bachelor for Life.

Denver, Colo.—Too many stories about too much mother-in-law have made John Fine, deputy district attorney, decide to be a bachelor for life. For six months Fine has heard hardly anything else than long plaints from his mother-in-law.

One youth told him of how when his wife was ill he asked his mother to assist in nursing her and at the end of the week she handed him a bill for \$20 for professional services.

Now a second man has told the same story, only his mother-in-law charged \$15 for the care she gave her daughter. That decided Fine.

Varying Value of Diamonds.

In regard to the relative value of diamonds of different colors, it may be said, generally, that the perfectly transparent, uncolored stones, which show no hues except those produced by refraction, stand at the head. Sometimes a tinted gem, if possessing extraordinary "fire," and of considerable size, may excel in value. The Russian crown, for instance, has a deep red diamond, which, because of its rarity, is very highly valued.

A man may become great by accident, but he never has genuine wisdom and goodness thrust upon him.

When you don't know what is best to do, just wait a bit.

If you have a friend stick to him rather than stick to him.

SIGNS OF DANGER

That Should Be Held By Maysville People.

There's serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If troubled by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backache, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy.
